

1st Community Workshop

Additional Notecard Comments

Location 1

(keep current library open during expansion!)

Taking part of Location 2 for 1 is fear based. First the privately owned parcel should be investigated for availability + cost.

Flood happened only once
should not have been used as an argument. Public Wks spoke to our group. Moderator explained PW had to raise the wall. Please explain.

Vote for #1 with lot line adjustment in either direction

Re: Location 1

If the owner of the private property wishes not to sell it, please consider expanding the library's footprint into Location 2.

Thank you.

Current site is best - could add from Location 2 for extra room needed.
PLEASE - Over 20 years to get remodeled/expanded library for Los Osos.
We need a project ASAP.

1st Community Workshop

Additional Notecard Comments

Like #2 mainly with extension into #1

Location 1 ± with extension into Loc 2 - That obviates buying land + preserves open space

Current Library Location + Tri W section

Location 1
Plus extension to part of Location 2
NOT extending adding small portion to the north-
Combine #1 and part of #2

Extend parking into Location 2
Preferred Location 1

Like #1 mainly with extensions possibly into #2

1st Community Workshop

Additional Notecard Comments

Do #1 with expansion to West or South into Midtown

Location 1 with lot line adjustment to west

Location 1 + some land from location 2 should be looked into

Keep space 1
Add addition in existing parking area and on lawn.
Put parking in area 2 adjacent to South edge of #1.

Library location #1 with a smaller section of #2

Choose #5 Extend Loc #1 into lot line adj. w #2.
Do not buy from outside party.

1st Community Workshop

Additional Notecard Comments

Location 1 extended into Location 2 on West or South

On #1
Extend your building into current parking. Put parking on a small part of #2.

OPTION 5
1 + West in midtown
maybe openspace area for landscaping or parking

Option 5
Location one with small lot line adjustment west/south
parking can be in #2 - less issues with coastal comission
