

# Chromebook Policy

The County of San Luis Obispo Public Library offers Chromebooks for use in the library. Just sign in with your Google account, or as a library guest. Once you logout, none of your personal data can be accessed by other users. Web apps install in seconds, load instantly, and update automatically. There are no software applications on the Chromebook.

## **General Guidelines:**

- Chromebooks may be checked out at the Circulation Desk on a first-come, first-served basis. A current San Luis Obispo library card, OR a current photo ID such as a Drivers' License, California ID card, or School ID is required each time a Chromebook is checked out.
- Chromebooks must remain in the Library building and must be returned 30 minutes before the Library closes.
- The loan period for a Chromebook is three (3) hours. No reservations may be made.
- Headphones or ear buds must be used when accessing sites or using applications which emit sound.
- Borrowers agree to immediately report any hardware or software problems to library staff. Please keep the Chromebook with you at all times.
- Borrowers agree not to display or download any obscene or explicitly graphic material that would be offensive to the general population of the library.
